

PIKES PEAK PLAYBOOK · CHECKLIST

Moving Checklist

A week-by-week plan from eight weeks out to your first week in the new home — plus a tracker for every utility and address change, so nothing gets shut off or lost in the mail.

Moving to the Pikes Peak region from out of state? Pair this with the First 30/90 Days in Colorado checklist for licenses, registration and residency deadlines.

BOOK THE MOVERS FIRST

Summer is peak moving season here — military assignment moves add to the demand. Reserve movers or a truck as soon as you have a closing date.

8 WEEKS OUT

- ☐ **Get mover quotes:** for interstate moves, check the mover's USDOT number with the federal motor carrier registry.
- ☐ Set a moving budget, including travel and temporary housing.
- ☐ Start decluttering — sell, donate or toss what you won't move.
- ☐ Create a folder for estimates, receipts and inventory.

6 WEEKS OUT

- ☐ Book movers or a truck and confirm the date in writing.
- ☐ Order boxes, tape and labels; start packing rarely used items.
- ☐ Request school records and transfer information.
- ☐ Gather medical, dental and veterinary records.

4 WEEKS OUT

- ☐ Schedule utility shut-off at the old home and start-up at the new one.
- ☐ File a USPS change of address.
- ☐ Update your address with banks, employers and insurers.
- ☐ Plan for pets and plants on moving day.

2 WEEKS OUT

- ☐ Confirm the mover, arrival window and parking for the truck.
- ☐ Use up perishable food; plan simple meals for the last week.
- ☐ Back up computers and photos.
- ☐ Arrange child and pet care for moving day.

- ☐ **Pack an “open first” box:** documents, medications, chargers, tools, toiletries, sheets, coffee.
- ☐ Defrost the freezer; drain hoses and fuel from equipment.
- ☐ Do a final walk-through of every room, closet and cabinet.
- ☐ Take meter photos at the old and new homes.

- ☐ Change locks and garage codes.
- ☐ Find the water shut-off, electrical panel and gas meter.
- ☐ **Mountain homes:** know your propane level, wood stove rules and snow plan.
- ☐ Sign up for county emergency alerts and learn your evacuation routes.
